Novel selections from this course...

J.D. Salinger's *The Catcher in the Rye*

George Orwell's *1984*

The *Catcher in the Rye* is set around the 1950s and is narrated by a young man named Holden Caulfield. Holden is not specific about his location while he's telling the story, but he makes it clear that he is undergoing treatment in a mental hospital or sanatorium. The events he narrates take place in the few days between the end of the fall school term and Christmas, when Holden is sixteen years old.

Which book cover do you prefer?

Winston Smith is a member of the Outer Party. He works in the Records Department in the Ministry of Truth, rewriting and distorting history. To escape Big Brother's tyranny, at least inside his own mind, Winston begins a diary — an act punishable by death. Winston is determined to remain human under inhuman circumstances. Yet telescreens are placed everywhere — in his home, in his cubicle at work, in the cafeteria where he eats, even in the bathroom stalls. His every move is watched. No place is safe.
