

Test 2 Notice

This is to remind all students that next class - class 16 is our final test. It will include all material taught in class from class 1 - 16 but will emphasize on material taught after test 1.

Topics:

1. Quadratic Functions (1) - (3)
2. Quadratic Equations (1) and (2)
3. Trigonometry (1) - (4)

The test will be open book. You can use all material provided by Olympiads School (ie. Notes, homework, notes taken in class). However, no sharing is allowed during test.

Please bring a **scientific calculator** for the test.

Good Luck!
