

HOMEWORK JULY 30TH 2017

Create the HTML Page that looks like the one given below. Keep in mind the following things:

1. There are 3 steps on this page. Step 1 is collecting the registration data. Step 2 is getting the consent and asking for agreement to terms and conditions. And Step 3 is the submit step where you see the loading image.
2. Each step is visible one at a time. There is a “Go Back” button in step 2 which should take you back from Step 2 to Step 1.
3. In each step, the text inside the header changes. In step 1 it says “STEP 1 OF 2”. In Step 2 it says “STEP 2 OF 2” and in Step 3 it says “Submitting Data....”.
4. All the styles must be in the style sheet and not on HTML File. Your homework submission must include HTML page as well as CSS page (stylesheet).
