

## Test 2 Notice

This is to remind all students that next class - class 16 is our final test. It is also the last class of the course. It will include all material taught in class from class 7 - 14.

### Topics:

1. Exponential and Logarithmic Functions (1) and (2)
2. Trigonometric Functions (1) and (2)
3. Trigonometric Identities and Equations (1) and (2)
4. Rates of Change

The test will be open book. You can use all material provided by Olympiads School (ie. Notes, homework, notes taken in class). However, no sharing is allowed during test.

Please bring a **scientific calculator** for the test. There will be no notes nor homework for class 9.

**Good Luck!**
