Test 2 Notice

This is to remind all students that next class – class 16 is our final test. It will include all material taught in class from class 9 – 15. Teacher will take up previous homework before the test.

Topics:

1. An introduction to calculus (1) and (2)
2. Derivatives (1), (2) and (3)
3. Derivatives and their applications (1) and (2)
4. Curve sketching

The test will be open book. You can use all material provided by Olympiads School (ie. Notes, homework, notes taken in class). However, no sharing is allowed during test.

Please bring a **scientific calculator** for the test.

Good Luck!
